

Call for Book Chapters/Research Papers for Edited Book

To be published with ISBN under IIP International publishers, USA and India

Advanced Materials in Sustainable Chemistry: Applications, Processes, and Future Directions

Series Editors:

Dr. Sumit Kumar
Ph.D. in Chemistry
Assistant Professor (Senior Scale)
Department of Chemistry
Magadh University, Bodh Gaya
Bodh Gaya 824234, Bihar, India
sumitkrmgr@gmail.com
Editor ID: IIPER1778138153

Dr. Atul Kumar Srivastava
Ph.D. in Chemistry
Assistant Professor (Senior Scale)
Department of Chemistry
Magadh University, Bodh Gaya
Bodh Gaya 824234, Bihar, India
drakschem@gmail.com
Editor ID: IIPER1778167758

Dr. Shipra Solanki
Ph.D. in Chemistry
Assistant Professor
Department of Chemistry
Magadh University, Bodh Gaya
Bodh Gaya 824234, Bihar, India
shiprasolanki.y29@gmail.com
Editor ID: IIPER1778141786

Editors Book Series ID:

IIPER1778138153

Iterative International Publishers

Novi, Michigan, USA
Chikkamagaluru, Karnataka, India

Imprint IIP

Registered publisher under Raja Rammohun Roy Agency,
Government of India and also under Bowker My
Identifiers agency, USA

Important dates:

Chapter/paper submission starts on: 8th May 2026
Last date for chapter/paper submission: 30th June 2026
Acceptance notification: One day after submission
Last date for registration: 5th July 2026

Call for Chapters

Advanced Materials in Sustainable Chemistry: Applications, Processes, and Future Directions

Aim:

This book, *Advanced Materials in Sustainable Chemistry: Applications, Processes, and Future Directions*, aims to provide a comprehensive and forward-looking exploration of how advanced materials are transforming sustainable chemical practices. It brings together interdisciplinary research spanning chemistry, materials science, environmental engineering, and industrial innovation to address pressing global challenges such as resource depletion, climate change, and pollution. The volume emphasizes the design, synthesis, and application of novel materials that enable greener processes, improved energy efficiency, and reduced environmental impact.

The scope of the book includes both fundamental principles and applied technologies, highlighting recent breakthroughs as well as scalable industrial solutions. It serves as a platform for researchers, academicians, and industry professionals to present cutting-edge developments, critical analyses, and future perspectives. Special attention is given to lifecycle assessment, circular economy approaches, and the integration of sustainable materials into real-world systems, ensuring the content is both scientifically rigorous and practically relevant.

Topics of Interest (but not limited to):

- Sustainable design and development of lightweight alloys and composite materials
- Eco-friendly and green synthesis routes for advanced materials
- Bio-based and environmentally benign corrosion inhibitors
- Valorization of industrial and biological waste in composite fabrication
- Utilization of waste-derived materials in sustainable construction and building engineering
- Advanced materials for renewable energy generation, harvesting, and storage systems
- Development and applications of natural fiber-reinforced composites
- Synthesis and processing of bio-based polymer composites
- Recycling, reprocessing, and circular approaches for composite materials
- Functional materials for waste management and environmental remediation
- Life cycle assessment (LCA) and sustainability evaluation of materials and processes
- Technical and economic challenges in sustainable materials manufacturing
- Industry-oriented research addressing real-world problems in sustainable materials and engineering

Chapter Submission Procedure:

- Step 1: Go to IIP website www.iipseries.org
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on submit chapters
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer IIP Chapter format at download in IIP Website

Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN/ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. One complimentary copy per chapter
9. Certificate to all authors who contributed chapter(s)

Support from IIP to the Editors & Authors

- *Reviewing support from IIP Reviewers
- *Plagiarism checking service
- *Submission management
- *Registration management
- *Individual dashboard

For any queries

Contact no: 7631923049
Mail - sumitkrmgr@gmail.com

Registration Fee: USD 18 INR 1500/- which includes processing fee with all above mentioned supporting services, certificate hard copy to all authors, one complimentary copy of the book series registration
